

Approved Translator List

ICBC approved translators do not work for ICBC and their fees and services vary for each translator; please contact them for more information.

Not all translators are able to translate in both directions (for example, English to Arabic, and Arabic to English). Please confirm the translator you choose is approved to translate in the language direction you require.

When requesting a translation of your documents please mention it is for ICBC purposes as additional documents may need to be completed by the translator that you will need to bring into the driver licensing office.

You may electronically send your documents to be translated to the translator. They will follow up with a video call to review the documents with you during the call. If the documents are sent back to you by email you will need to print them off before coming into the driver licensing office. Do not forget to take in your original document with the translation documents.

For more information regarding if your foreign driver's licence needs to be translated please refer to the document translation section of ICBC.com for a list of countries and if a translation is required or not.

If you can't find your language here, you can search for translators online for an ICBC-approved translator/interpreter who may not be on this list to assist you. Also, consulates located in B.C. can translate documents such as your licence or driving record if it is in another language.

When booking knowledge test appointments it is possible for other customers requiring a translator to have booked a test at the same time and location. If this happens it will be first come first served regardless of your appointment time.

Please Note: Translator information could take up to 7 business days to update
