## ICBC Rate Design Compliance Report Extension Request

On March 7, 2025, ICBC filed an application with the BCUC asking to submit its next compliance report on its rate design for Basic insurance by December 31, 2029, instead of filing a report to the BCUC each year.

ICBC's rate design compliance reports include information on Basic insurance rating factors, such as crash history and who drives the vehicle, as well as passenger transportation services products. For more information about ICBC's rate design compliance reports, please visit <https://www.bcuc.com/WhatWeDo/ICBC>.

In the interim, ICBC requested that it only report to the BCUC when there are potential changes to these items or unforeseen events.

The BCUC has started a proceeding to review ICBC's application.
